No.11 2nd Street, Rajeswari Nagar,
Karambakkam, Porur

SUMMARY

Enthusiastic and detail-oriented Web Developer with a strong foundation in full-stack development using the **MERN stack (MongoDB, Express.js, React.js, Node.js)** and **Tailwind CSS**. With a background as a **computer technician**, I bring hands-on expertise in hardware troubleshooting and software configuration. Passionate about building responsive, user-friendly web applications, eager to apply my knowledge in real-world projects, and committed to continuous learning and professional growth in web technologies.

EDUCATION

Sri venkateshwara institute of science and technology, Thiruvallur.

B.E. Computer Science and Engineering-Completed with 64% marks.
2014 – 2018

PCKG, Kodambakkam

CERTIFICATIONS

- Completed Java and SQL course at QSpiders.
- Attended an industrial visit to Kaashiv Infotech for insights into ethical hacking.

PROFESSIONAL EXPERIENCE

Computer Technician

June 2020 - January 2022

- Diagnosed and resolved hardware and software issues for laptops and desktops.
- Repaired and replaced components such as motherboards, hard drives, RAM, and displays.
- Installed and configured Windows and Linux operating systems, optimizing system performance.
- Managed software installations, driver updates, and general system maintenance.

May 2022 – November 2024

- Provided freelance computer repair and technical support, diagnosing and resolving hardware and software issues for clients.
- Built a loyal customer base through reliable service, including system repairs, data recovery, and performance optimization.

Freelance Web Developer

- Designed and developed responsive websites using the MERN stack for small businesses and personal clients.
- Collaborated with clients to understand requirements, delivering custom solutions with modern UI and scalable backend systems.

PROJECT EXPERIENCE

Full-Stack E-Commerce Platform

Technologies Used: MongoDB, Express.js, React.js, Node.js, Tailwind CSS

- Developed a **full-stack eCommerce platform** with product listings, and order management.
- Designed and implemented a **RESTful API** for seamless frontend-backend communication.
- Created a **responsive UI** using React.js and Tailwind CSS, incorporating **product search and filtering**.
- Deployed the frontend and backend using **Render**.
- **Live Demo:** [Frontend](#) | [Backend](#)
