No 11, 2nd Street, Rajeshwari Nagar, Karambakkam, Porur, Chennai - 116

Summary

Full Stack Developer specializing in React.js, Node.js, PHP, Laravel, and MySQL. Skilled in developing responsive web applications and RESTful APIs, with hands-on experience building applications using React.js, Node.js, and Laravel. Strong focus on backend development, database optimization, third-party API integration, and maintaining and enhancing existing applications.

Skills

Frontend Development: JavaScript, React.js, HTML5, CSS3, Tailwind CSS

Backend Development: PHP, Laravel, Node.js, Express.js, RESTful API Development

Databases & ORM: MySQL, PostgreSQL, Sequelize, Database Design & Optimization

Core Competencies: Full-Stack Architecture, Microservices, API Integration, Legacy Upgrades

Experience

Full Stack Developer — Spear Fox

October 2021 – Present

Chennai, Tamil Nadu (Remote)

- **Developed and maintained** web applications using Laravel, React.js, Node.js, PHP, and MySQL/PostgreSQL based on project requirements.
- **Worked on HYR Cabs**, developing backend modules, REST APIs, pricing logic, third-party API integrations, and production fixes.
- **Contributed to MYTE ERP development** using React.js and Node.js.
- **Maintained the Spear Fox company website**, which includes four websites managed within a single Laravel application.
- **Developed and maintained** Laravel-based websites for projects including AIMS and FithSpear.
- **Performed legacy updates and maintenance** for the Confia Admin Panel, resolving compatibility issues and implementing required updates.

Key Company Projects

HYR Cabs — Cab Booking & Outstation Platform

PHP, Laravel, MySQL, REST APIs, Microservices

- **Developed and maintained** backend services for cab booking and outstation travel workflows.
- **Built RESTful APIs** for booking, trip management, vehicle selection, fare calculation, and cancellation.
- **Implemented pricing and package-selection logic** based on trip type, distance, vehicle category, and business requirements.
- **Integrated third-party services** for distance calculation and location-related functionality.
- **Fixed production issues** and enhanced existing Laravel services.

ERP / MYTE — Enterprise Management Platform

React.js, Node.js, Laravel, PostgreSQL, Sequelize

- **Developed frontend features** using React.js and supported backend functionality using Node.js.
- **Integrated REST APIs** for communication between frontend and backend services.
- **Developed UI components and application features** based on project requirements.
- **Worked with PostgreSQL database operations** using Sequelize.

Freelance Computer Technician — Self-Employed

February 2021 – November 2021

Chennai, Tamil Nadu

- **Provided computer repair and technical support** for laptops, desktops, and other computer systems.
- **Diagnosed and resolved** hardware, software, and operating system issues based on customer requirements.

Computer Technician — Benny Q Systems

June 2019 – January 2021

Chennai, Tamil Nadu

- **Assembled and configured** desktop computers based on required
- **Installed operating systems and software** and performed hardware upgrades and component replacements

Personal Projects

Full-Stack E-Commerce Platform

React.js, Node.js, Express.js, MongoDB

- **Built a responsive e-commerce website** using React.js with product listings, search functionality, and shopping cart interface.
- **Deployed the website** using Render.

Portfolio Mobile Application

React Native

- **Designed and developed** a cross-platform mobile application to natively render professional portfolios, project timelines, and technical skill demonstrations.

Personal Portfolio Website

React.js, Tailwind CSS

- **Created** a fast, fully responsive web presentation layer showcasing dynamic engineering components and live-hosted projects.

Education

Bachelor of Engineering (B.E.) in Computer Science & Engineering

2014 – 2018

Sri Venkateshwara Institute of Science and Technology, Tiruvallur, Tamil Nadu

HSC

2014

P.C.K.G Government School, Chennai, Tamil Nadu

SSLC

2012

P.C.K.G Government School, Chennai, Tamil Nadu

Soft Skills

- **Problem Solving** — Troubleshoots production issues, backend errors, API failures, and application-related problems to identify practical solutions.
- **Team Collaboration** — Works effectively with developers and team members across frontend and backend development to deliver project requirements.
- **Communication** — Communicates technical issues, requirements, and implementation details clearly with team members.
- **Adaptability** — Adapts to different technologies and project requirements across React.js, Node.js, Laravel, and existing legacy applications.
- **Continuous Learning** — Continuously develops technical knowledge by working with new technologies, frameworks, and development practices.
